## *Volunteers*

We are always looking for volunteers to help maintain the Labyrinth. You may volunteer to care for a 2' x 15' section of the Labyrinth. The sections may be shared, and the gardens are automatically irrigated. Please contact Barb Robertson or Mary Steiner.

This Cretan Labyrinth is 90 feet in diameter and has seven circuits. The grass pathways are lined with bulbs, perennials, herbs and annuals, making a walk to the center a very special and pleasing experience.

## Origin of Labyrinths

Labyrinths have been in existence for centuries and in many different countries. Not at all like a maze that has false turns and dead ends, a labyrinth is a pattern that contains a single pathway that turns back on itself at least once before leading to the center. This pathway is a 1/2 mile in and out.

## Labyrinth Garden Earth Sculpture

A unique concept in the health care of a community, the purpose of this Labyrinth is not only for decoration, but for meditation and inspiration as well. In our busy and stressful lives, this garden will provide people of all ages the opportunity to slow down, meditate and enjoy the beauty and serenity surrounding them. This Labyrinth is maintained by volunteers. Any person in the community is invited to be involved in this on-going process. Gardening is known to help keep the mind and body healthy and active, as well as being a meaningful opportunity for social interaction.

## Celebration Stone

A gift of \$100.00 enables you to have an engraved Celebration Stone placed in the Circle of Celebration at the outside edge of the Labyrinth. The smooth natural stones are approximately 10" in diameter and vary in color. Please print the information exactly as you want it to appear on your Celebration Stone on the form at the right (limit 40 characters not including spaces).
